

A Little Maid of Old Maine

This is a true story of the brave effort of two girls to bring help to a little settlement on the Maine coast at the time of the War of the Revolution. This event is referred to in history as the Lexington of the Seas, because it was the first naval battle after the encounter in Lexington, Massachusetts. Readers will be touched by the courage of Rebecca and Anna Weston as they journey through the forest after the powder that was to make possible the conquest of the British.
