

A Writers Resource (spiral) - MLA / APA / CSE Update

With the 2008 MLA Update edition, A Writers Resource, 2/e continues to set the bar for contemporary handbooks. Writing and research have changed dramatically since the first hardcover handbooks appeared. Today's students don't rely on pens or typewriters: they use computers to write. They don't just do research: they find their way through a maze of online information. They don't just read print: they analyze visuals. They don't just come to class: they participate in an online learning community. These changes have put new demands on composition courses. With its focus on writing in today's environment, integrated coverage of technology and visual rhetoric, hallmark coverage of writing across the curriculum, and brief, tabbed format A Writers Resource, 2/e has been designed to provide today's students with a compact, easy-to-use resource for writing in college and beyond.
