

Calculated in Death

In her years at the NYPSD, Eve Dallas has solved some truly appalling homicides. But some cases are worse than others. On Manhattans East Side a woman lies dead at the bottom of the stairs, stripped of all her valuables. Most cops might call it a mugging gone wrong, but Lieutenant Eve Dallas knows better. A well-off accountant and a beloved wife and mother, Marta Dickenson doesnt seem the type to be on anyones hit list. But when Eve and her partner, Peabody, find blood inside the building, the lieutenant knows Martas murder was the work of a killer whos trained, but not professional or smart enough to remove all the evidence. But when someone steals the files out of Martas office, Eve must immerse herself in her billionaire husband Roarkes world of big business to figure out whos cruel and callous enough to hire a hit on an innocent woman. And as the killers violent streak begins to escalate, Eve knows she has to draw him out, even if it means using herself as bait
