

Cinderella Sims

Cinderella Sims is an early pseudonymous work of mine, published a few years ago by Subterranean Press. Ed Gorman wrote an introduction, which appears at the end of this Kindle edition, and I wrote an Afterword, which is also in this edition, and from which I'll quote: Look, this wasn't my idea. Three or four years ago, Bill Schafer suggested that I might give some consideration to republishing a book of mine called \$20 Lust, which had originally appeared as by Andrew Shaw. I recalled the book he meant, but dimly; I had, after all, written it in 1960. But I didn't need to remember it all that vividly to know the answer to his suggestion. No, I told him. A little later I suggested he might want to publish a fancy edition of Mona, the first book under my own name; it had come out as a paperback original in 1961, and we could celebrate its fortieth anniversary with a nice limited edition hardcover. Bill was lukewarm to the notion, but had an alternative proposal; how about issuing a double volume, containing Mona and \$20 Lust? Once again, I didn't have to do a lot of soul-searching to come up with a response. No, I told him. Time passed. Then Ed Gorman, the Sage of Cedar Rapids, used an ancient private eye novelette of mine in a pulp anthology. When it came out he sent me a copy, and, while I didn't read my novelette I figured it was enough that I wrote the damned thing I did read his introduction, which I found to be thoughtful and incisive and generous. I e-mailed him and told him so, and he e-mailed me back and thanked me, adding that my early work was probably better than I thought. And, he added, I really think you ought to consider letting Bill Schafer publish \$20 Lust. I felt as though I'd been sucker-punched. Where the hell did that come from? So I got in touch with Bill. I suppose I could at least read it, I said, except I can't, because I don't have a copy. He did, or maybe he got one from Ed; in

either case, a battered copy arrived in the mail. I looked at the first two pages, and I looked at the last two or three pages, and I heaved a sigh. Heaved it clear across the room, and would have heaved the book, too, but instead I hollered for my wife. Bill Schafer wants to reprint this, I said. Great, she said. Not necessarily, I said, and explained the circumstances. I'd like you to read this, I said, or as much of it as you can without gagging, and then tell me its utter crap and I'd surely destroy what little reputation I have if I consent to its republication. Suppose I like it? Not to worry, I said. I'll sign the commitment papers, and I'll make sure they take real good care of you. She found herself a comfortable chair and got to work. . . . There's more, but you get the idea. It's a crime novel with a counterfeiting background, and it's my pleasure to make it available once again. Enjoy!
