

Conduct Unbecoming: How Barack Obama Is Destroying the Military and Endangering Our Security

In *Conduct Unbecoming*, Lieutenant Colonel Robert Patterson, New York Times best-selling author and former senior military aide to President Clinton, exposes how President Barack Obama's national security policies are weakening our military and endangering America's safety. From underfunding and misusing the military to his Apology Tour across Europe and the Middle East, President Obama has made America more vulnerable with both our allies and our enemies. In *Conduct Unbecoming*, you'll discover how Obama is not listening to his generals' recommendations on Afghanistan, how Obama's first two acts as commander-in-chief weakened our national security and military, and how Obama's feckless diplomatic efforts with other countries are severely threatening our national security. Shocking and controversial, *Conduct Unbecoming* reveals how President Obama's disregard for the military and a strong foreign policy is exposing us to unprecedented risks in the 21st century.
