

Winter: A Dog Days Novel (Dogs Days Book 2)

Eloise Lou Whittaker can't shake the feeling she's forgetting something. After surviving the explosion of the Poisonfoot Library, she struggles to find her footing again, and she's grateful Archer Wyatt is there to make sure she's all right. But Archer seems to be around an awful lot and Lou has trouble controlling herself when she's with him. She should be thrilled the most popular guy in school wants to be with her, but still, there's that nagging feeling. Cooper Reynolds knows he ought to let Lou go. He was putting her at risk by letting her in the first time, and now that she's a blank slate he should just let her go on blissfully unaware of his curse. But she's given him a taste of something dangerous hope. Can Cooper and an unlikely ally help Lou break free from the spell she's under? And can they do it before a new force threatens to destroy the whole town?
