

## Everready Editorial: How to Write a New Book Every Day

An incredibly effective system developed to let you incorporate everything you see and do each day into a complete book which will eventually become an article or chapter in a larger work. The secret to the authors development of a multi-publishing empire and her name on over 2500 books, videos or computer software products. Discusses organization of raw research, notes and ideas into instant books -- and instant profit + what to keep, discard & what format to use. The key to publishing books in series and getting around to all the many projects you want to see in print.
