

As fascinating as a real visit to the worlds famous museums and architectural sites, GARDNERS ART THROUGH THE AGES: THE WESTERN PERSPECTIVE gives you a comprehensive, beautifully illustrated tour of the worlds great artistic traditions--plus all the study tools you need to excel in your art history course! Easy to read and understand, this 13th Edition of the most widely read history of art book in the English language is the only textbook that includes a unique scale feature (accompanying the books photographs of paintings and other artworks) that will help you better visualize the actual size of the artworks shown in the book. Three levels of review including extended image captions, The Big Picture overviews at the end of every chapter, and a special global timeline will help you study for your exams. Youll also find materials that will help you master the key topics quickly in the ArtStudy Online (a free interactive study guide that includes flash cards of images and quizzes).
