

## Inside the White House

Award-winning journalist Ronald Kessler gets behind the scenes at the White House to reveal the often-scandalous secrets of this all-powerful institution. Kessler documents the hidden lives of the modern presidents: Bill and Hilary Clintons sham marriage and his pattern of alleged sexual indiscretions; Johnsons legendary infidelities; Nixons disorientation and mysterious disappearances during his last days in office; the extent of Reagans manipulation at the hands of his wife; and Bushs out-of-control staff.
