At this point, you should see the complete word. 2) Work each row in one direction. For example, work all the rows across first. Then choose another direction, maybe backwards across. Continue until the puzzle is completed. 3) Work the list. Some word search puzzle solvers simply work down the list, looking for each word. Of course, you want to go ahead and mark any other words you see. Work in sections. Whichever method of solution you choose, work your word search puzzle in sections.
