

Rubout (Francesca Vierling)

The open road. The wind whipping in your face. For both serious riders and the wanna-bes called RUBS--Rich Urban Bikers--riding a Harley is only part of the thrill. Putting on leather and acting out is the rest. Even Francesca Vierling, a St. Louis reporter who is a little too tall, smart, and sexy for her own good, is dressed to kill--for a bikers ball that will lead straight ahead to murder. The victim is a woman who lived well, married bad, and divorced hard. For Sydney Vander Venter, going from high-society wife to tough-talking biker chick was only a phase. One she didn't survive. Now Francesca must find out who ruined the annual Leather and Lace Ball by killing Sydney. But with her career crashing, her love life sputtering, and another murder waiting down the road, Francesca finds out firsthand how dangerous it can be when you're born to be wild--and dare to live that way too....
