

## Revelation (Westminster Bible Companion)

Originally written to be read aloud in church and to offer comfort and hope to those struggling to be faithful in troubling times, Revelation sparks great interest with its mysterious symbols of numbers and beasts. Here, two foremost historians offer readers a highly accessible commentary perfect for Bible study leaders. Books in the Westminster Bible Companion series assist laity in their study of the Bible as a guide to Christian faith and practice. Each volume explains the biblical book in its original historical context and explores its significance for faithful living today. These books are ideal for individual study and for Bible study classes and groups.
