

Rise of the Vampires (Night War Book 1)

Patrick thought he was going out for a night on the town to celebrate his eighteenth birthday. He never thought he was going to meet the man of his dreams... or become a vampire. Now he and his friends are caught in the middle of a long-standing feud between vampires and witches. Will Patrick survive being a newborn vamp and his first crush? Or has Patrick doomed himself and his friends to an early death? NOTE: This book contains the beginnings of an M/M relationship and contains some violent content to the equivalent of an R-rated movie.
