

# Sibleys Hummingbirds of North America

The meticulous paintings of an acclaimed artist and distinguished naturalist are represented in this exceptional collection of hummingbirds. This superb poster replicates breathtakingly detailed illustrations of all 18 of the hummingbird species native to North America. Included in relative, life-size scale are both male and female birds in various stages of development—adult, subadult, and juvenile birds—to reflect the differences in sizes. From the green violet-ear to the buff-bellied hummingbird, no hummingbird is left out, and birders and nature lovers will be dazzled by the array of species presented here.
