

The Second World War Experience Volume 4: The Struggle for Victory 1944-45

Victory! The fourth and final volume in the landmark Second World War Experience series goes spread by spread through the gripping sequence of events that finally brought the war to an end from the dramatic Allied landings on D-Day in the west to the atomic bombs exploding on Hiroshima and Nagasaki in the east. The rare memorabilia tucked into the book includes personal letters from General MacArthur to his wife during the battle to recapture the Philippines, and Eisenhower's case of failure message, drafted before the Allied landings on Normandy beaches.
