Pour la populace, ce nejt jamais par envie dattaquer quelle fe foulbce, mais par impatience de Jbuffrir These are the. Mem. de Sully, Tom. i. p. 133. word S Words of a great man; of a minister of state; and a zealous aslertor of monarchy. They are applied to thesmftem of favouritism which was adopted by Henry the Third of France, and to the dreadful consequences it produced. What he fays of revolutions, is equally true of all great disturbances. If this presumption in favour of the subjects against the trustees of power be not the more probable, I am lure it is the more comfortable speculation; because it is more easy to change an administration than to reform a people. Upon a supposition, therefore, that in the opening of the cause the presumptions stand equally balanced between the parties, there seems sufficient ground to entitle any person to a fair hearing, who attempts some other scheme beside that easy one which is fashionable in some fashionable companies, to account for the present discontents. It is not to be argued that we endure no grievance, because our grievances are not of the fame fort with thole under which we laboured formerly; not precisely those which we bore from the Tudors, gr vindicated on the Stuarts. A great change has taken place in the affairs of this country. For in the silent lapse of events as material alterations have been insensibly brought about in the policy and character of governments and nations, as those which have been marked by the tumult of publick revolutions. Vol. II. Q It is very rare indeed for men to be wrong in their feelings concerning publick misconduct; as rare to be right in their

speculation upon the cause ...
