

## Trios (Spanish Edition)

Spanish Edition. In an album without precedence, singers Marcos Vidal, Roberto Orellana and Rene Gonzalez unite their voices to record hymns of yesterday with a very particular style. With arrangements ranging from strings to traditional South American rhythms and traditional praise and worship, this album will provide listeners with a new version of those traditional hymns and worship songs that impacted the lives of so many believers. The project also includes various new songs, featuring the voices of these three distinguished singers.
