

The Wishing Well

This gripping novella set in Newford is a cautionary tale about Brenda Perry, who bears deep scars from the loss of her father. Poor body image and low self-esteem lead to the resurgence of Brenda's eating disorder and a collapse in the structure of her life. Ghosts, water spirits and wraiths all appear in this tale where there are no easy answers or opportunities to live and fight another day. The Wishing Well was first published by Axolotl Press, 1993.

Copyright (c) 1993 by Charles de Lint. Cover art by Kel Flowers (www.kelfae.com) I can never recapture the feeling of first arriving in Newford and meeting the people and seeing the sights as a newcomer. However, part of the beauty of Newford is the sense that it has always been there, that de Lint is a reporter who occasionally files stories from a reality stranger and more beautiful than ours. De Lint also manages to keep each new Newford story fresh and captivating because he is so generous and loving in his depiction of the characters. Yes, there are a group of core characters whose stories recur most often, but a city like Newford has so many intriguing people in it, so many diverse stories to tell, so much pain and triumph to chronicle. Challenging Destiny Charles de Lint is the modern master of urban fantasy. Folktale, myth, fairy tale, dreams, urban legend all of it adds up to pure magic in de Lint's vivid, original world. No one does it better. Alice Hoffman Charles de Lint writes like a magician. He draws out the strange inside our own world, weaving stories that feel more real than we are when we read them. He is, simply put, the best. Holly Black De Lint is probably the finest contemporary author of fantasy Booklist, American Library Association Unlike most fantasy writers who deal with battles between ultimate good and evil, de Lint concentrates on smaller, very personal conflicts. Perhaps this is what makes him

accessible to the non-fantasy audience as well as the hard-core fans. Perhaps its just damned fine writing. Quill & Quire De Lints evocative images, both ordinary and fantastic, jolt the imagination. Publishers Weekly It is hard to imagine urban fantasy done with greater skill Booklist, American Library Association
